

## Silvery Light Sailing

# Voyage Kit List

Please pack your things in a soft bag – like a holdall or backpack with no frames. There is limited room to store belongings onboard and while we can't accommodate suitcases, you will have your own cubby space for your things.

### **Must haves:**

- Sleeping bag
- Waterproof boots or shoes
- Water/windproof coat and trousers
- Clothing you can layer up as needed
- Comfy socks, (extra in case they get wet)
- Toiletries and towel
- Personal medications
- Seasickness remedy
- Warm sleepwear
- Hat, sunglasses, sun cream

### **Nice to have...**

- Torch or headlight
- External battery to charge your phone
- Personal snacks/sweets
- Small amount of cash
- Journal or book
- Your personal log book
- Musical instrument (no grand pianos...)

### **Braving the elements**

On deck, there's little protection from the wind and sun. For your comfort, we suggest sunglasses to protect from glare on the water, and a hat to protect your head from the wind. Expect to wear an extra layer than you would on land.

### **Disclaimer**

Silvery Light Sailing can't take responsibility for any of the personal belongings you bring on board, so while we allow our adult guests & volunteers to bring what they wish, you may want to leave expensive/fragile gadgets at home.

### **We will provide the safety gear**

Please don't bring your own lifejacket. We have plenty onboard which are regularly check and serviced.
